

# Hackathon 3

## Day 1

Laying the Foundation for  
your marketplace  
Journey.

### Step 01

Choose your Marketplace type.

Q. Commerce is my marketplace  
type.

### Primary Purpose:-

The purpose of this  
Q-commerce platform is to provide  
users with a delightful experience  
by delivering their favourite food  
to their door step within 30 minutes.  
Our service aims to address this  
need by ensuring quick and reliable  
food delivery.

Step 02

Define your Business Goals

Q. What problem does your market-place aim to solve.

A. Gas loadshedding has become a common challenge in Karachi affecting many households. we provide fast food delivery within 30 mins, ensuring customers can enjoy a warm meal. we also cater to larger event like parties, so customer can easily order food for special occasions.

Target Audience.

\* Students who don't have access to a kitchen.

\* Late-night workers and busy professionals who need quick meal options.

\* Event planners looking for reliable food.
